Special Offer

Dantz Retrospect Backup Software Now at a Reduced Price

Performing regular backups is the single most important action you can take to protect your files and folders — and the external hard drive in your ADS Technology enclosure is an ideal storage device for your backups.

As an ADS Technology customer, you've already had a chance to use Dantz® Retrospect® backup and restore software with your free 45-day trial version of Retrospect Express. Dantz is extending a special offer to ADS Technology customers. Purchase one of the following four Retrospect editions at considerable savings over the suggested retail price.

Retrospect for Windows

Retrospect Professional – For home and small offices, Retrospect Professional runs on a Windows® desktop or notebook and protects two additional desktops/notebooks running Windows or Macintosh®.

Retrospect Single Server – For small and midsize businesses, Retrospect Single Server runs on a Windows server. It protects the server plus five desktops and notebooks running Windows, Macintosh, or Red Hat® Linux®.

Retrospect for Macintosh

Retrospect Desktop – For home and small offices, Retrospect Desktop runs on a Macintosh desktop or notebook and protects two additional desktops/notebooks running Macintosh, Windows, or Red Hat Linux.

Retrospect Workgroup – For small and midsize businesses, Retrospect Workgroup runs on a Macintosh computer, including Mac OS X servers (10.1.2 or later). It protects the backup computer plus 20 desktops and notebooks running Windows, Macintosh, or Red Hat Linux.
